PREFATORY NOTE

THE last graduate catalogue of the school appeared in 1912 and was published by subscription, that is, the expense was met by subscriptions of twenty-five cents each from all graduates who wished for a copy. Now, nearly five years later, the task is again undertaken and the subscriptions at thirty-five cents each seem to warrant an edition of one thousand copies. The work, as well as expense involved in now issuing a catalogue, makes the matter of future catalogues very uncertain. To make the catalogue complete and as free from mistakes as possible involves much patient inquiry, and in the search for some names, no little expense.

Publication has not been delayed by our failure to get certain returns. This has resulted in a longer list of corrections and additions than usual, also in more addresses omitted.

The Principal has been generously assisted in the work of compilation by the school secretary, Miss Mildred S. Gay, till January 1, 1917, and since that time by the new secretary, Miss Alberta M. Weymouth, also by several of the teachers of the school. He has also been greatly encouraged by many letters of graduates and by several generous contributions toward meeting the expense of publication.

Those marked (*) have died. Those marked (†) are graduates of the third year course.
